Director of Admissions to Visit Asia in March

Asian trip: I will arrive in Hong Kong early in the morning of March 9. I have Monday and Tuesday to meet agents during the day and students and or their parents in the evenings. On Wednesday March 11, I will arrive in Taiwan and start preparing for the Oh Canada / Oh America English Expo. There will be two days in Taipei and one in each of Taichung and Kaohsiung. After that I will have a few days to follow up with people who I have met and other parents.

International Students Make Great Lakes Their Home

Our population: Our international population is changing. We now have 22 international students! We have new international students from India and Korea. One boy from Korea has already been in Canada for several years. Each new student, whether foreign or not, is getting used to life here in his or her own way. It is great to see students from such different backgrounds forming lifelong friendships.

Great Lakes Welcomed 10 More Students Second Semester

Our enrolment increase was an absolute blessing to our school community. Students have come to us from Ontario, New York, United Arab Emirates and Korea. *"I like the friends I am making here at Great Lakes and I am learning to be more independent".* Seo Young, from Korea

Great Lakes Welcomes Students from Columbia

Great Lakes Christian High School is excited to announce that in March we will be hosting a group of 24 students from Columbia through the "Red Leaf Student Programs". They will stay for four weeks and for three of those weeks they will attend classes with our students. These "Mini Stay" students will be hosted in our families' homes to get a flavour of family life in Canada. We believe that this will be a wonderful opportunity of cultural exchange, both in our classrooms and for our host families.

Great Lakes Chorus Travelling Through This Summer

The day after Great Lakes' 2009 graduation in June, 20 of our 42 chorus students will leave for a nine day trip through Eastern Canada. Our hope is that some students who are from Hong Kong, Korea, and the Philippines will be able to enjoy singing for audiences and taking in the sites in Quebec, New Brunswick, and Nova Scotia.
